NAVALTECH

MARINE TECHNOLOGIES EXPO

**A new big showcase
for the naval sector
and high-level boating.**

**An extraordinarily complete offer
full of technologies and solutions.**

Navaltech is the new major international exhibition dedicated to technologies, components and accessories for the design and construction of ships, yachts and superyachts.

A profitable meeting between SMEs and professionals: ship owners, builders, designers, engineers and, more generally, professionals in a sector where Italy is the world's indisputed export leader.

 **16,6%** of global exports
 **1,9** billion Euros

An event at the center of a territory with a high concentration of shipyards and brimming with highly specialized supply and subcontracting companies.

An unmissable opportunity to discover the ideas and the products of world leading Italian and international businesses and enterprises.

CONTRACT & MARINE

NAVAL INTERIORS AND MORE

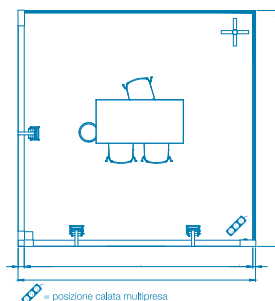

An event inside the event
devoted to naval interior design.

In conjunction with Navaltech Contract & Marine will be held, the first edition of an international event focused on the design and production of interior and exterior furnishings for ships, yachts and superyachts.

The most renowned and innovative international designers specialized in furnishing for the naval sector and more will take part in the event.

Uniquely beneficial services.

Navaltech is an “all inclusive” event. Pordenone Fiere will provide exhibitors with turnkey solutions, allowing them to concentrate only on the selection of products to be exhibited in this new important international showcase.

The costs of participation includes:

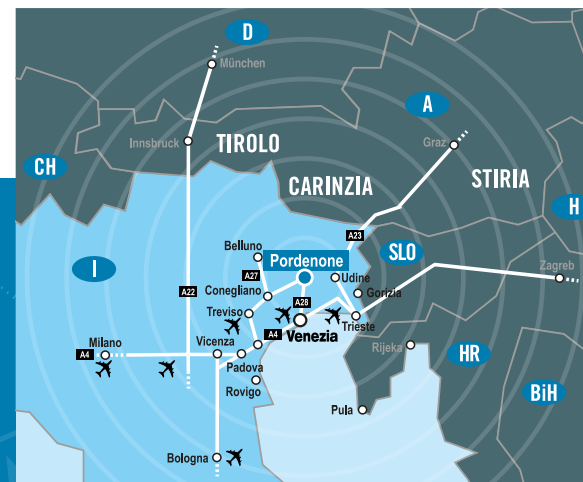

- **exhibition area**
- **quality basic equipment**
- **standard electricity consumption**
- **free catering at the event's refreshment points ***
- **basic cleaning services**

* Restaurants and self-services excluded

A strategic position.

- **Direct connection with the motorway**
- **Can be reached in 5 minutes on foot from the train station**
- **High-speed trains from Pordenone to major Italian and European cities**
- **4 international airports**

- **30 minutes by car from Treviso airport**
- **30 minutes by car from Venice airport**
- **45 minutes by car from Trieste airport**
- **90 minutes by car from Verona airport**
